PISTON AIR COMPRESSOR

B3800B/3CT/150 TECH PRO

Professional single-stage belt driven compressor, suitable for craftsmen and small industries.

Three-phase single-stage belt-driven compressor designed for intensive use. It features a high-efficiency pump unit, cast iron cylinders for extended service life, and a patented oversized air intake filter which, combined with a new-generation valve plate assembly, helps reduce noise levels. The sturdy plastic belt guard protects all moving parts. The control panel is integrated into the tank structure for enhanced protection and easy reading. Copilot said. The 150-litre tank, large wheels, double caster wheels with brakes, and convenient full-length handle make transportation easy.
