B3800B/3FT/270 TD TECH PRO

Tandem belt driven single-stage compressor that guarantees high performance.

Three-phase single-stage tandem belt-driven compressor designed to deliver outstanding performance for professional users, thanks to its higher air intake capacity and superior volumetric efficiency. It is equipped with two high-efficiency 3 HP pump units featuring cast iron cylinders, large manifolds, and finned tubes for improved air cooling, as well as robust metal belt guards that protect all moving parts. The 270-litre tank provides a large air reserve, while the four sturdy support feet with anti-vibration mounts ensure excellent stability during operation.
